

Packaging materials are often used in excess, creating more waste. To earn these points:

- *Contact, or have the appropriate colleague contact, the building's two biggest suppliers for building management operations. Tell them that the building is working to improve sustainability and earn the IREM® certification. Ask them to reduce the packaging materials where feasible for the building's orders.*
- *Answer the questions that follow.*

1. Enter the two suppliers with whom you or a colleague talked and what you purchase from them.

1. _____

2. _____

2. Describe the results of these conversations. Were they amenable to decreasing the packaging materials for orders? In what ways will they change their packaging?

Alternative Documentation

Instead of this form, you may submit the following to IREM®:

- Copy of communication to vendors
