

Aditi Charnoubi - Managing Partner, Tysons Advisory

Aditi Charnoubi is Managing Partner of Tysons Advisory, where she leads strategy and execution of Intelligent Automation and Agentic AI solutions across sectors including property management, affordable housing, and asset management. A recognized leader in digital transformation, Aditi brings over two decades of global experience driving innovation across Fortune 500 enterprises, scaleups, and startups.

Her expertise spans financial services, healthcare, mortgage, and underwriting with a strong focus on AI-powered automation in finance and accounting operations. Aditi is a trusted advisor to private equity firms, venture capitalists, global system integrators, and enterprise clients navigating modernization in regulated industries.

She is known for her ability to translate emerging technologies such as applied AI and edge infrastructure into scalable, compliant, and impactful business solutions. At the intersection of growth strategy, technology, and customer success, Aditi helps organizations accelerate outcomes while reducing operational burden and risk.
