

**Senior Vice President, WinnCompanies | Chair, Connected Communities Foundation**

Trevor Samios serves as Senior Vice President at WinnCompanies, supporting its operations, community development and the advancement of mission-driven public policy.

Samios began his career at WinnCompanies in 2017, launching Connected Communities as the social impact division of the organization before establishing the Connected Communities Foundation in 2024 to expand the scale and impact of its mission. He now serves as Chair of the Board of Directors, supporting Connected Communities' staff and board leadership to grow its capacity, strategic partnerships, and collective-impact approach to community development nationally.

Prior to joining WinnCompanies in 2017, Samios led the Community Impact team at Preservation of Affordable Housing (POAH) and operations for the Community Life team at The Community Builders (TCB), both national affordable housing non-profit organizations.

Samios serves on the board of directors for the National Leased Housing Association, YMCA of Greater Boston and HomeStart and is active in leadership with multiple affordable housing industry organizations nationally.
