

IREM Skill Badge: Building Technology (ISBTCHS)

Tech drives success. The building of the future is here. Building technology drives everything and everyone at your property. Data can be an invaluable asset to your property's performance. Whether your tech is for one building or an entire portfolio, earn the IREM Skill Badge: Building Technology. Gain awareness of the five critical goals for technology, the types of solutions available, and their impact on your building's systems and your team. You're one step away from long-term success with this Skill Badge.

Course description:

Introducing the new IREM Skill Badge: Building Technology. You'll learn how technology can increase your team's productivity and elevate the resident-tenant experience. Expand your knowledge about how technology can support your building's operations 24-7-365. And learn from examples of building tech in action. Ever heard of a digital twin? You will soon. Technology doesn't have to be daunting. Get in the driver's seat with us.

Tech drives success.

Earn the IREM[®] Skill Badge: Building Technology.

INSTITUTE OF REAL ESTATE MANAGEMENT

After taking the course and passing the exam, you'll earn the IREM Skill Badge: Building Technology to:

- Identify the five key goals of building technology including valuable benefits
- Expand your knowledge of the vast uses of technology in building operations
- Get the basics of building tech including: interface, data, hardware, and cybersecurity
- Learn how to procure, test, and pilot new, integrated technology solutions
- Distill key takeaways from our case study: The Carlyle Building, for your property

Gain insights into how building tech impacts your operations:

- Using tech for HVAC, water/energy management, indoor air quality (IAQ), lighting, and more
- Managing amenities, space management, parking, EV charging, emergency response, and other key technologies
- Learning from building tech in action both before and after implementations

Course length:

- This course is approximately 4-6 hours, followed by a 100-question online exam.

Cost:

- \$99 / members
